ABSTRACT

Campus Recruitment Application is an android and a web based system where the student and the company use an android to communicate while the web is for the admin to manage the entities. The student has to register by providing his/her personal details and also academic which will be verified by the admin and this action takes the result whether the student can access the account or not.

The student can look for the jobs which are automatically filtered according to the eligibility to make their work easier and apply for it.

The company also has to register their details and can access the account only when once approved by the admin.

The company is allowed to post jobs, view applications and also view all students.
