## Energy Conservation Awareness program

In the part of NSS activities, Conduct the Awareness Programme to the Students on Energy Conservation was organized by NSS Unit of AVANTHI INSTITUTE OF ENGINEERING & TECHNOLOGY, TAMARAM, MAKAPARAPALLEM with collaboration with Steel Plant General Manager. Our NSS Unit volunteers explain the importance of Energy Conservation. We can save energy by avoiding the unnecessary use of heaters, fans, lights, and other electrical devices in our daily lives. It is the simplest and most-effective way to save extra energy usage, which can play a significant role in the National Energy Conservation Campaign. Using LED bulbs instead of a 100-watt bulb or CFL can help in saving energy.

On the occasion of Energy Conservation Awareness Programme Dr. C.P.V.N.J Mohan Rao, Principal. Dr. Chitti Babu, DGM, Steel plant; Mr. N. Teja Coordinator, Mr. T. Gopi, Mr. P. Siva, Physical Director, AIET and Mr. Daniel Raju, AO, AIET were also present. Total 338 numbers of students are participated
