Tamaram, Makavarapalem, Narsipatnam (RD), Visakhapatnam-531113

Institutional Distinctiveness

Best education through holistic training and skills development:

The college focuses on providing affordable, high-quality education to diverse learning communities and works on the principles of accessibility, affordability, inclusion and academic flexibility to educate young people in a welcoming environment with the mission to ensure their intellectual, emotional, psychological, physical, economic, spiritual and cultural well-being.

Intellectual well-being :

- Offer industry-appropriate curricula in all programmes.
- Introduce a choice-based credit system for all programmes.
- Sharpening academic competences, non-academic skills and research motivation.
- Facilitating learning methods compatible with slow learners.
- Develop personality and communication skills through motivation and soft skills training.

Emotional well-being:

- An effective mentor and mentee system creates an enjoyable and safe learning environment.
- Continuous monitoring through the Grievance and Counseling Committee.
- Regular mentor-mentee meetings ensure the emotional well-being of each student.
- The welfare of the students staying in the hostel is ensured by the care and attention given to them by the mentors, wardens, hostel in-charge.
- Faculty acting as Class incharge and support staff ensure that students can overcome all gender, social and cultural barriers.

Mental well-being :

- Active participation of students in all activities organised by the Institute.
- Cultural, sports, academic and co-curricular programmes bring out their hidden talents and help them recognise their abilities to build a successful personality.
- Anti-social practices like ragging, teasing and all forms of discrimination are completely discouraged on and off campus through awareness programs.
- A continuous support system is available for all students.

Physical well-being:

- Sports and games are encouraged for the mental and physical regeneration of the students. They develop sportsmanship, values and physical endurance and thus become strong and healthy pillars of society.
- Special training sessions in the well equipped college gymnasium help the sporty students to keep fit.
- Participation in university and state level events guarantees their future in sports.

Economic well-being :

- Employability skills are integrated into the core curriculum.
- Special I Training (CRT) before their final year is offered to all students to become employable.
- Students' potential is accurately identified and well guided through effective career guidance.
- Entrepreneurial skills are learnt through interaction with young entrepreneurs.
- Economically weak students are offered benefits for transport, tuition and hostel fees through institutional scholarships.

Spiritual well-being:

Character building results in spiritual awareness and well-being of the students through yoga sessions.

Cultural wellbeing:

The unique heritage of the nation is embraced in institutional practices by celebrating all cultural festivals, commemorative days and days of national importance.

The holistic development of all students in our institution ensures the well-being of each individual leaving the campus to establish himself/herself in his/her family and society.
