Python basics

From 13th Feb 2019 to 19th Feb 2019

ORGANIZED BY

**DEPT. OF COMPUTER SCIENCE AND ENGINEERING
AVANTHI INSTITUTE OF ENGINEERING AND TECHNOLOGY,
MAKAVARAPALEM (V), VISAKHAPATNAM-531113**

AVANTHI INSTITUTE OF ENGINEERING & TECHNOLOGY

AIET started in the year 1999 and offers various courses at Engineering and PG level. The college is providing with rooms, computer centre, laboratories and seminar hall with audio-visual equipments. Industry Institute interaction is conducted regularly to emphasize on the latest trends in the present market.

It is very near to Narsipatnam. Frequent bus facilities are available both from and to Visakhapatnam and Narsipatnam. Very safe and secure hostel facility is available for Girl students. These are the additional facilities besides excellent academic atmosphere in the college campus.

DEPARTMENT OF COMPUTER SCIENCE ENGINEERING

The Computer Science & Engineering department was established with B.Tech Program in 1999 with intake of 60 students and this was increased to 120 students in 2007 and increased to 180 students in 2012. The Post graduate Program M.Tech with C.S.E was started in 2005 with intake of 18 Students and this was increased to 24 students in 2012. The Computer Science & Engineering department was accredited by NBA in 2009 and 2014. Department mission is to be Instrumental in the field of computer science &

engineering by providing high quality education and continues improvement process of the program. The department has full fledged faculty with four professors with Ph.D and 40 staff members with experience in teaching and industry, which leads the skill students to get employment in the market. . The department encourages the faculty members and the students to participate paper presentations, seminars, workshops and National, International conferences and research activities. The department is well equipped laboratories and the computers have sophisticated development software tools. The department provides training to its students in advanced technologies like JAVA, WEB TECHNOLOGIES, .NET, PHP, Data Warehousing, Data Mining tools and Data storage systems as a supplement to the curriculum to enhance the employability of students. Our faculty members are the members of Computer Society of India, ISTE, IEEE.

ABOUT COURSE

Python has become the most popular programming language in the world due to its simple syntax, extensive range, and dominance in the field of machine learning. In this book, you will become fluent in Python syntax, and you will take significant steps toward producing Pythonic code. You will gain experience in Python development, data science, and machine learning.

CHIEF PATRON

Smt. M. Gnaneswari
President
Avanathi Institute Of Engineering And Technology

Python is commonly used for developing websites and software, task automation, data analysis, and data visualization. Since it's relatively easy to learn, Python has been adopted by many non-programmers such as accountants and scientists, for a variety of everyday tasks, like organizing finances

TOPICS TO BE COVERED

- DAY 1 Literate Programming, Jupiter Notepad Environment
- DAY 2 Markdown format for Documentation, Python Basics
- DAY 3 String Slicing, Functions with Examples, Python Conditionals Statement , Iteration
- DAY 4 Lists, Tuples, sets, Dictionaries
- DAY 5 Packages
- DAY 6 Modules, Regular Expressions

For Registration please contact Mr.G.Nagarjuna Rao,Assistant Professor, CSE

PATRON

Dr. C P V N J Mohan Rao
Principal,

Python Basics

Date: 13-2-2019 to 19-2-2019

Schedule

DAY 1 (13-2-2019)

9.00A.M – 1.00P.M : Literate Programming

1.00P.M – 2.00P.M : Lunch

2.00P.M – 4.00P.M : Jupiter Notepad Environment

DAY 2 (14-2-2019)

9.00A.M – 1.00P.M : Markdown format for Documentation

1.00P.M – 2.00P.M : Lunch

2.00P.M – 4.00P.M : Python Basics

DAY 3 (15-2-2019)

9.00A.M – 1.00P.M : String Slicing, Functions with Examples

1.00P.M – 2.00P.M : Lunch

2.00P.M – 4.00P.M : Python Conditionals Statement, Iteration

DAY 4 (16-2-2019)

9.00A.M – 1.00P.M : Lists, Tuples

1.00P.M – 2.00P.M : Lunch

2.00P.M – 4.00P.M : sets, Dictionaries

DAY 5 (18-2-2019)

9.00A.M – 1.00P.M : packages

1.00P.M – 2.00P.M : Lunch

2.00P.M – 4.00P.M : packages

DAY 6 (19-2-2019)

9.00A.M – 1.00P.M : Modules,

1.00P.M – 2.00P.M : Lunch

2.00P.M – 4.00P.M : Regular Expressions

Dt: 20-2-2019

BRIEF REPORT

Department of Computer Science and Engineering, Avanathi Institute of Engineering and Technology had organized a APSSDC certificate course on “**Python Basics**” during 13-2-2019 to 19-2-2019.

We had **Resource Person: Mrs. Bhaya Lakshmi, Trainer cum Developer, APSSDC** was explained each every details about python basics. Jupiter notebooks are a form of literate programming. A Jupiter notebook is a document that can be viewed and edited in a Web browser, and that combines Python code, pictures, text and plots. For understanding slicing we will use different methods, here we will cover 2 methods of string slicing, the one is using the in-build slice() method and another using the [:] array slice. String slicing in Python is about obtaining a sub-string from the given string by slicing it respectively from start to end.

Next **Resource Person Ms. P. Sindhu, Trainer, APSSDC** was extensively explained Lists and tuples are arguably Python’s most versatile, useful data types. You will find them in virtually every nontrivial Python program. Regular expression is a special sequence of characters that uses a search pattern to find a string or set of strings. It can detect the presence or absence of a text by matching it with a particular pattern, and also can split a pattern into one or more sub-patterns. Python provides a **re** module that supports the use of regex in Python. Its primary function is to offer a search, where it takes a regular expression and a string. Here, it either returns the first match or else none.
