TEACHERS FEEDBACK ON CURRICULUM

Academic year: 2020-2021  
Name of the faculty: Dr. T. Srinivasa Rao  
Subject taught: Switch gear & Protection

Regulation: R16  
Department: EEE

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	3
3	Design of course outcomes.	3
4	Ability to attain the Course outcomes through the syllabus of the course.	3
5	The course/syllabus has good balance between theory and Lab.	3
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following

1	Any additional course required for students	Industrial automachine
2	Any additional tool required for students	ETAP (An electric Engineering software for Power systems)
Suggestions:		Detection of faults in a Electric Power system or Industrial Process system using digital Protective relay has to be added in the syllabus

**AVANTHI INSTITUTE OF ENGINEERING AND TECHNOLOGY  
TAMARAM(V), MAKAVARAPALEM (M)  
VISAKHAPATNAM-531113**

**TEACHERS FEEDBACK ON CURRICULUM**

Academic year: 2020-21

Name of the faculty: S. Rishikesh

Subject taught: Electrical Circuit Analysis- II

Regulation: RI 9

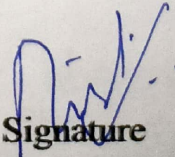

Department: EEE

**Directions:** You are requested to give a number in the box provided against each item as per the following scale: **Above my expectation-3**      **Satisfactory-2**      **Need improvement-1**

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	2
3	Design of course outcomes.	3
4	Ability to attain the Course outcomes through the syllabus of the course.	2
5	The course/syllabus has good balance between theory and Lab.	2
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	2

**Please suggest the following**

1	Any additional course required for students	
2	Any additional tool required for students	MULTISIM
<b>Suggestions:</b> DC Composition techniques for large scale circuit analysis and simulation has to be added in the Syllabus.

TEACHERS FEEDBACK ON CURRICULUM

Academic year: 2020-2021  
Name of the faculty: A. Nagendra  
Subject taught: Control System

Regulation: R-19  
Department: EEE

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	2
2	Syllabus suitability to the course.	3
3	Design of course outcomes.	3
4	Ability to attain the Course outcomes through the syllabus of the course.	3
5	The course/syllabus has good balance between theory and Lab.	3
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following

1	Any additional course required for students	
2	Any additional tool required for students	ETAP

Suggestions:

Hardware Software implementation of Common Compensators

TEACHERS FEEDBACK ON CURRICULUM

Academic year: 2020-2021  
Name of the faculty: P. Varahala Dora  
Subject taught: Power systems-1

Regulation: R19  
Department: EEE

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	2
2	Syllabus suitability to the course.	3
3	Design of course outcomes.	2
4	Ability to attain the Course outcomes through the syllabus of the course.	3
5	The course/syllabus has good balance between theory and Lab.	3
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	2
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following

1	Any additional course required for students	1
2	Any additional tool required for students	Power world simulator

Suggestions: Power factor improvement methods gas turbine Power plant has to be added in the syllabus.

TEACHERS FEEDBACK ON CURRICULUM

Academic year: 2020-2021

Name of the faculty: P. Varahala Dora

Subject taught: Electro Magnetic field

Regulation: R19  
Department: EEE

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	2
2	Syllabus suitability to the course.	3
3	Design of course outcomes.	2
4	Ability to attain the Course outcomes through the syllabus of the course.	3
5	The course/syllabus has good balance between theory and Lab.	3
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	2
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following

1	Any additional course required for students	
2	Any additional tool required for students	Power world simulator

Suggestions: Electro magnetic waves has to be added in the Syllabus

TEACHERS FEEDBACK ON CURRICULUM

Academic year: 2020-2021  
Name of the faculty: K. Narayana Rao.  
Subject taught: Power Systems Analysis

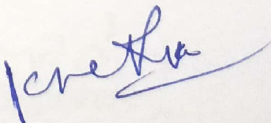

Regulation: R16  
Department: EEE

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	2
2	Syllabus suitability to the course.	3
3	Design of course outcomes.	3
4	Ability to attain the Course outcomes through the syllabus of the course.	3
5	The course/syllabus has good balance between theory and Lab.	2
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	2
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following

1	Any additional course required for students	
2	Any additional tool required for students	Keil u vision
Suggestions: Fault on double circuit line has to be added in the syllabus.

TEACHERS FEEDBACK ON CURRICULUM

Academic year: 2020-2021

Name of the faculty: K. Durga Rao

Subject taught: Electrical Measurements and Instrumentation

Regulation: R19  
Department: EEE

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	3
3	Design of course outcomes.	3
4	Ability to attain the Course outcomes through the syllabus of the course.	3
5	The course/syllabus has good balance between theory and Lab.	3
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following		
1	Any additional course required for students	Electrical safety Course.
2	Any additional tool required for students	C-DAC
Suggestions: Vector electric field instrument and Microwave Measurement of electrical in different media has to be added in the syllabus

TEACHERS FEEDBACK ON CURRICULUM

Academic year: 2020-21

Name of the faculty: P. Anil Kumar

Subject taught: Power System Operation and Control.

Regulation: R16  
Department: EEE

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	3
3	Design of course outcomes.	3
4	Ability to attain the Course outcomes through the syllabus of the course.	3
5	The course/syllabus has good balance between theory and Lab.	3
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following

1	Any additional course required for students	IOT in power systems
2	Any additional tool required for students	PSS/E
Suggestions: Modelling of turbine, generator and automatic controllers has to be added in the Syllabus.

TEACHERS FEEDBACK ON CURRICULUM

Academic year: 2020-21  
Name of the faculty: R. Appala Naidu  
Subject taught: Electrical distribution systems.

Regulation: R16  
Department: EEE

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	3
3	Design of course outcomes.	3
4	Ability to attain the Course outcomes through the syllabus of the course.	3
5	The course/syllabus has good balance between theory and Lab.	3
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	2
7	The course/program of studies carries sufficient number of optional papers.	2
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following		
1	Any additional course required for students	electric trouble shoot
2	Any additional tool required for students	Power world simulator
Suggestions: Concept of smart grid and its applications has to be added in the syllabus

TEACHERS FEEDBACK ON CURRICULUM

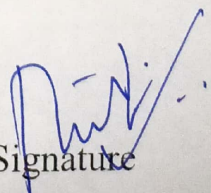

Academic year: 2020-21  
Name of the faculty: S. Rishikesh  
Subject taught: Digital Control Systems.

Regulation: R16  
Department: E-E-E

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	2
3	Design of course outcomes.	3
4	Ability to attain the Course outcomes through the syllabus of the course.	2
5	The course/syllabus has good balance between theory and Lab.	2
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	2

Please suggest the following		
1	Any additional course required for students	Electrical autocad
2	Any additional tool required for students	PSCAD
Suggestions: Implementation of feed back and feed forward controllers has to be added in the syllabus.
