TEACHERS FEEDBACK ON CURRICULUM

11 AUG 2017

Academic year: 2016-17
Name of the faculty: P. Sarthana
Subject taught: FMHM

Regulation: R13
Department: Mechanical

Directions: You are requested to give a number in the box provided against each item as per the following scale: **Above my expectation-3** **Satisfactory-2** **Need improvement-1**

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	3
3	Design of course outcomes.	2
4	Ability to attain the Course outcomes through the syllabus of the course.	3
5	The course/syllabus has good balance between theory and Lab.	2
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	2
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following

1	Any additional course required for students	Micro hydraulics
2	Any additional tool required for students	Micro equipment to study micro hydraulics.
Suggestions: Micro hydraulics topic is suggested to be added in the syllabus.

TEACHERS FEEDBACK ON CURRICULUM

11 AUG 2017

Academic year: 2016-2017
Name of the faculty: P. Rama Krishna
Subject taught: M.O.S

Regulation: R13
Department: Mechanical

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	2
3	Design of course outcomes.	3
4	Ability to attain the Course outcomes through the syllabus of the course.	3
5	The course/syllabus has good balance between theory and Lab.	3
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	2

Please suggest the following

1	Any additional course required for students	Moment carrying capacity of a section
2	Any additional tool required for students	Concrete failure at a section by max moment

Suggestions:

maximum moment that the section can transmit & as the moment at concrete failure is suggested to be added in the syllabus

TEACHERS FEEDBACK ON CURRICULUM

11 AUG 2017

Regulation: R13

Department: Mechanical

Academic year: 2016 - 2017

Name of the faculty: K.V.NS Rama Krishna

Subject taught: Metallurgy & material science

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

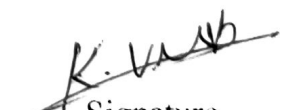

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	3
3	Design of course outcomes.	2
4	Ability to attain the Course outcomes through the syllabus of the course.	3
5	The course/syllabus has good balance between theory and Lab.	2
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	2
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following

1	Any additional course required for students	Material failure Analysis
2	Any additional tool required for students	Electron microscope.

Suggestions:

Material failure Analysis is suggested to be added in the syllabus.

TEACHERS FEEDBACK ON CURRICULUM

Academic year: 2016-17

Name of the faculty: V. Suma Priya

Subject taught: unconventional machining process

Regulation: R-13

Department: MECHANICAL

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	2
2	Syllabus suitability to the course.	3
3	Design of course outcomes.	3
4	Ability to attain the Course outcomes through the syllabus of the course.	2
5	The course/syllabus has good balance between theory and Lab.	3
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following

1	Any additional course required for students	Laser cooling
2	Any additional tool required for students	CNC Equipment with Laser cooling system

Suggestions:

Laser cooling system in CNC Equipment is suggested to be added in the syllabus.

TEACHERS FEEDBACK ON CURRICULUM

Academic year: 2016-17
Name of the faculty: Ravi Teja Shakasi
Subject taught: Robotics

Regulation: R13
Department: Mechanical

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	2
2	Syllabus suitability to the course.	3
3	Design of course outcomes.	3
4	Ability to attain the Course outcomes through the syllabus of the course.	3
5	The course/syllabus has good balance between theory and Lab.	3
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	2
7	The course/program of studies carries sufficient number of optional papers.	2
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following

1	Any additional course required for students	Nano Robotics
2	Any additional tool required for students	Electronic Robotics in sensor based

Suggestions:

Nano Robotic are suggest to
add in the syllabus

TEACHERS FEEDBACK ON CURRICULUM

Academic year: 2016-2017

Name of the faculty: Hari Kiran Medduguri

Subject taught: Green engg system

Regulation: R13

Department: Mechanical

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	2
3	Design of course outcomes.	3
4	Ability to attain the Course outcomes through the syllabus of the course.	2
5	The course/syllabus has good balance between theory and Lab.	3
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following

1	Any additional course required for students	Nuclear waste management
2	Any additional tool required for students	special dices like scrubbers for reuse of waste

Suggestions:

Nuclear waste management topic is suggest to add in topic of syllabus

TEACHERS FEEDBACK ON CURRICULUM

Academic year: 2016-17
Name of the faculty: Ramesh Bheeya
Subject taught: MMS

Regulation: R-13
Department: Mechanical

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	2
3	Design of course outcomes.	3
4	Ability to attain the Course outcomes through the syllabus of the course.	2
5	The course/syllabus has good balance between theory and Lab.	3
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	2

Please suggest the following		
1	Any additional course required for students	Particle Reinforced Aluminium Matrix Composites.
2	Any additional tool required for students	Newly Composites materials for light weight parts
Suggestions: for producing of light weight materials is suggested to be added in the syllabus.

TEACHERS FEEDBACK ON CURRICULUM

11 AUG 2017

Academic year: 2016-17.
Name of the faculty: G. Mangamma
Subject taught: A-17 (Automobile).

Regulation: R13
Department: Mechanical

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	2
3	Design of course outcomes.	2
4	Ability to attain the Course outcomes through the syllabus of the course.	3
5	The course/syllabus has good balance between theory and Lab.	3
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following		
1	Any additional course required for students	Autonomous vehicles
2	Any additional tool required for students	Self driving sensor moving vehicles.
Suggestions: Autonomous Vehicles topic is suggested be added in the syllabus.

TEACHERS FEEDBACK ON CURRICULUM

11 AUG 2017

Academic year: 2016-17

Name of the faculty: Subramanyam Sripatha

Subject taught: CAD/CAM

Regulation: R-13

Department: Mechanical

Directions: You are requested to give a number in the box provided against each item as per the following scale: **Above my expectation-3** **Satisfactory-2** **Need improvement-1**

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	2
3	Design of course outcomes.	3
4	Ability to attain the Course outcomes through the syllabus of the course.	3
5	The course/syllabus has good balance between theory and Lab.	2
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following

1	Any additional course required for students	4D printing Technology
2	Any additional tool required for students	Special 4D Software

Suggestions:

4D printing Technology Suggested to be added in the syllabus

TEACHERS FEEDBACK ON CURRICULUM

Academic year: 2016 - 17
Name of the faculty: M. Ujwal
Subject taught: MEMS

Regulation: R13
Department: Mechanical

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	3
3	Design of course outcomes.	3
4	Ability to attain the Course outcomes through the syllabus of the course.	2
5	The course/syllabus has good balance between theory and Lab.	3
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	2

Please suggest the following

1	Any additional course required for students	Metotechnology
2	Any additional tool required for students	Atomic force microscope device
Suggestions: Metotechnology topic is suggested to be added in the syllabus.
