TEACHERS FEEDBACK ON CURRICULUM

Academic year: 2018-19
Name of the faculty: K. Usharani
Subject taught: Machine Drawing

Regulation: B
Department: MECH

Directions: You are requested to give a number in the box provided against each item as per the followingscale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	2
3	Design of course outcomes.	2
4	Ability to attain the Course outcomes through the syllabus of the course.	3
5	The course/syllabus has good balance between theory and Lab.	3
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following		
1	Any additional course required for students	Technical Drawing
2	Any additional tool required for students	International Drafting Methods
Suggestions: Technical drawing international drafting methods is suggested to be added in the syllabus

TEACHERS FEEDBACK ON CURRICULUM

Academic year: 2018-19
Name of the faculty: K. Nagaraju
Subject taught: FMHM

Regulation: 18
Department: MEC

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	2
3	Design of course outcomes.	2
4	Ability to attain the Course outcomes through the syllabus of the course.	3
5	The course/syllabus has good balance between theory and Lab.	3
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following		
1	Any additional course required for students	characterisation of flow structures and forces
2	Any additional tool required for students	fluid loading on turbines
<p>Suggestions: 1. characterisation of flow structures and forces 2. fluid loading on turbines. is suggested to be added in the syllabus.</p>

TEACHERS FEEDBACK ON CURRICULUM

Academic year: 2018-2019
Name of the faculty: K. Anuradha
Subject taught: Thermodynamics

Regulation: RB
Department: Mech

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	3
3	Design of course outcomes.	2
4	Ability to attain the Course outcomes through the syllabus of the course.	3
5	The course/syllabus has good balance between theory and Lab.	2
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following

1	Any additional course required for students	Applications to material Analysis.
2	Any additional tool required for students	Tools for analysing complex problems

Suggestions:

Applications to material Analysis & material structure is suggested to be added in the syllabus.

TEACHERS FEEDBACK ON CURRICULUM

Academic year: 2018-19
Name of the faculty: A. Pradeep Kumar
Subject taught: MCMT

Regulation: 18
Department: MECH

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	3
3	Design of course outcomes.	2
4	Ability to attain the Course outcomes through the syllabus of the course.	2
5	The course/syllabus has good balance between theory and Lab.	3
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following		
1	Any additional course required for students	Tool usage & Techniques
2	Any additional tool required for students	Assessing root cause of regular & sudden failure in Machinery
Suggestions: Tool usage & Techniques, Assessing root cause of regular is suggested to be added in the syllabus.

TEACHERS FEEDBACK ON CURRICULUM

Academic year: 2018-19
Name of the faculty: Y. Amar Balu.
Subject taught: Strength of materials

Regulation: 13
Department: MECH

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	3
3	Design of course outcomes.	2
4	Ability to attain the Course outcomes through the syllabus of the course.	2
5	The course/syllabus has good balance between theory and Lab.	3
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following		
1	Any additional course required for students	Strength analysis of Composite material structures.
2	Any additional tool required for students	Analysis of real structural problems.
Suggestions: Strength analysis of Composite materials structures. Analysis of real structural problems is suggested to be added in the syllabus.

TEACHERS FEEDBACK ON CURRICULUM

Academic year: 2018-19
Name of the faculty: H.S.Naidu
Subject taught: Heat Transfer

Regulation: 13
Department: MECH

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	2
3	Design of course outcomes.	3
4	Ability to attain the Course outcomes through the syllabus of the course.	3
5	The course/syllabus has good balance between theory and Lab.	2
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following		
1	Any additional course required for students	Heat transfer correlations case study
2	Any additional tool required for students	Numerical modelling of heat transfer modes.
Suggestions: Heat transfer correlations case study, Numerical modelling of heat transfer modes is suggested to be in the syllabus.

TEACHERS FEEDBACK ON CURRICULUM

211 AUG 2019

Academic year: 2018-19
Name of the faculty: M. Ujwala
Subject taught: Engg. Drawing

Regulation: 13
Department: MECH

Directions: You are requested to give a number in the box provided against each item as per the followingscale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	2
3	Design of course outcomes.	2
4	Ability to attain the Course outcomes through the syllabus of the course.	3
5	The course/syllabus has good balance between theory and Lab.	3
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following		
1	Any additional course required for students	International drafting symbols
2	Any additional tool required for students	International drawing tools
Suggestions: International drafting & symbols need to be added in the syllabus

TEACHERS FEEDBACK ON CURRICULUM

Academic year: 2018-19
Name of the faculty: R.T. Ramakanth
Subject taught: Design of Machine Members

Regulation: R13
Department: Mech

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	2
2	Syllabus suitability to the course.	2
3	Design of course outcomes.	3
4	Ability to attain the Course outcomes through the syllabus of the course.	3
5	The course/syllabus has good balance between theory and Lab.	3
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following

1	Any additional course required for students	Design procedure of Composite material structure
2	Any additional tool required for students	Design for dynamic forces in structure

Suggestions:

Design procedure of composite material structure is suggested to be added in the syllabus

TEACHERS FEEDBACK ON CURRICULUM

Academic year: 2018-19
Name of the faculty: Jaga Janardhan
Subject taught: Mechanics

Regulation: 13
Department: NECH

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	3
3	Design of course outcomes.	2
4	Ability to attain the Course outcomes through the syllabus of the course.	2
5	The course/syllabus has good balance between theory and Lab.	3
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following		
1	Any additional course required for students	Underlying principles of stress analysis & predictions
2	Any additional tool required for students	Analysis on macro-mechanics
Suggestions: Underlying principles of stress analysis & predictions is suggested to be added in the syllabus.

TEACHERS FEEDBACK ON CURRICULUM

Academic year: 2018-19
Name of the faculty: S. Swathi
Subject taught: Ucmp

Regulation: 13
Department: MECH

Directions: You are requested to give a number in the box provided against each item as per the following scale: Above my expectation-3 Satisfactory-2 Need improvement-1

S.No	Parameter	Rating
1	Rate the course in relevance to the program.	3
2	Syllabus suitability to the course.	2
3	Design of course outcomes.	2
4	Ability to attain the Course outcomes through the syllabus of the course.	3
5	The course/syllabus has good balance between theory and Lab.	3
6	The course/syllabus of the subject increased knowledge and perspective in the subject area.	3
7	The course/program of studies carries sufficient number of optional papers.	3
8	The books prescribed/listed as reference material are relevant, updated and appropriate.	3

Please suggest the following

1	Any additional course required for students	diamond machining
2	Any additional tool required for students	Hybrid and sequential techniques

Suggestions: Diamond machining, Hybrid and sequential techniques is suggested to be added to the syllabus
