# BETPlus DOCUMENTATION

## ABOUT BETPlus:

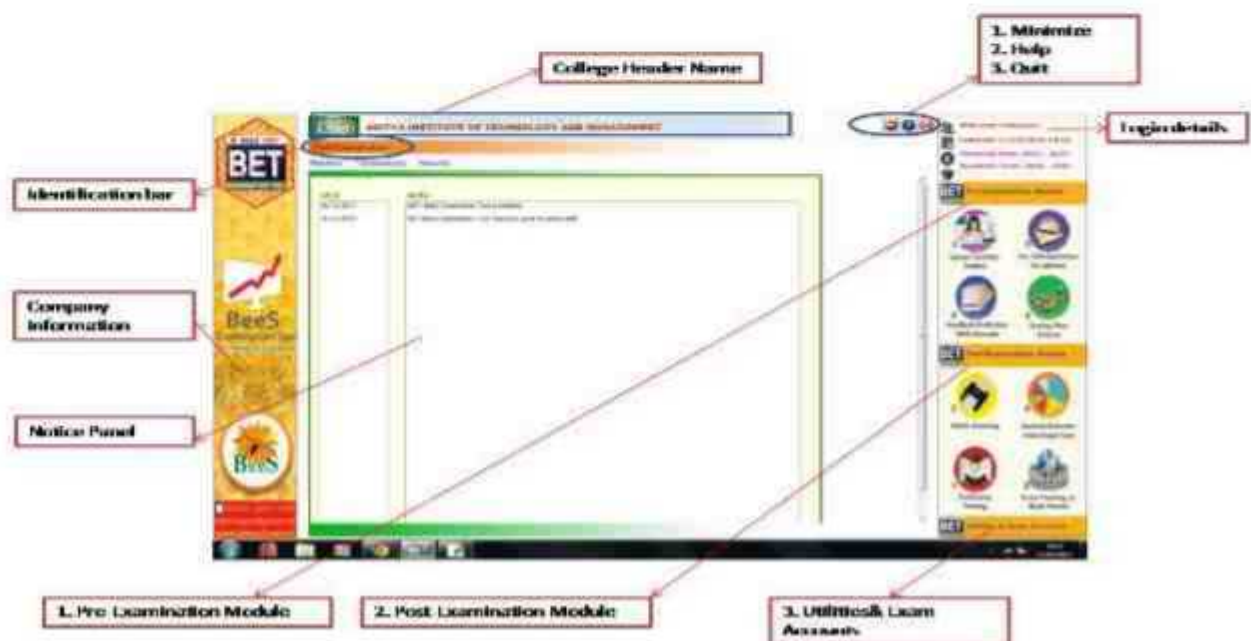

BETPlus (Digital Evaluation System) software, exclusively for autonomous institution examination department, provides an innovative solution which automates manual evaluation and help institutions to minimize the cost, time, effort and human errors in the entire evaluation process.

## Basic Structure of BETPlus:

Mainly the BETPlus consists of following Tools like

- College Header Name
- Buttons
- Login tool bar
- Modules
- Identification Bar
- Operation Modules

All the above Tool bars can be viewed in the (below image).

**College Header name:** At the top of the page we can identify the name of the College with Header. (Below image)

**Buttons:** At the right side top we can view the buttons like Minimise, Help, and Quit. (Below image)

**Login tool bar:** At the right side of top we can view the login details. (Below image)

**Identification Bar:** It indicates the current module operation. (Below image).

Pre-Examination

**Modules:** There are three types of modules they are

- Pre- Examination Module
- Post- Examination Module
- Utilities & Exam accounts (below image)

**Operation Modules:** The operations to be done by each module. Below image represents the basic view of Modules.

### Pre Examination Module:

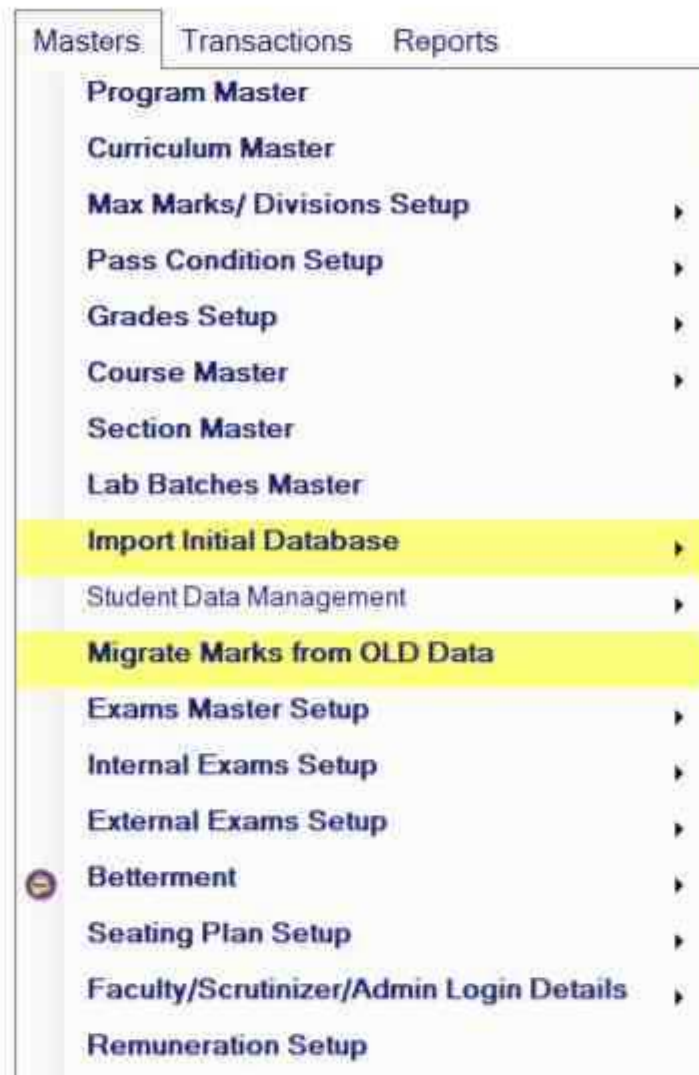

Before Examination conducting the entries given to each setup of module is known as Pre Examination Module.

Again the Pre Examination Module consists of three types of Modules like

- 1) **Masters**
- 2) **Transactions**
- 3) **Reports**

**Masters:** For Pre Examination the basic entries will be done first in Masters i.e., all the examination setups (Marks setup, Fee setup) will exist here. After entering all the setup entries it will convert into the Transactions automatically.

Again the Masters consists of following operations like Example given below:

All the operations of the modules are having the common type of Sub options like

- NEW (F4)** : To get a new page to enter the new data.
- MODIFY (F6)** : To modify (changes) already existing data.
- DELETE (F7)** : To erase an already existing data.
- VIEW (F12)** : To see the existing data.
- QUIT (F9)** : To escape from existing page.
- SAVE (F8)** : To save the data after entering the details.
- CANCEL (F11)**: To clear the details of the page.

## Course Master:
