2. Feedback collected, analysed and used for improvements

At Avanthi Institute of Engineering & Technology, a structured feedback mechanism is in place to assess and enhance the curriculum. The institution actively seeks feedback from key stakeholders, including students, faculty, employers, and alumni, to ensure that the curriculum remains relevant, effective, and aligned with industry and academic standards.

1. Feedback Collection Process:

The institution follows a systematic approach to collect feedback:

- **Students:** Course-wise feedback is collected at the end of each semester to assess syllabus relevance, teaching methods, and learning outcomes.
- **Teachers:** Faculty members provide feedback on curriculum flexibility, adequacy of course content, and the need for updates based on academic advancements.
- **Employers:** Recruiters and industry partners share insights on graduates' competencies, skill gaps, and industry expectations.
- **Alumni:** Alumni provide feedback on how well the curriculum prepared them for careers and higher studies.

2. Analysis and Interpretation:

The collected feedback is systematically analyzed by the **Internal Quality Assurance Cell** (**IQAC**) in collaboration with the Academic Committee. The feedback data is categorized, and areas for improvement are identified based on quantitative and qualitative responses.

3. Action Taken Report (ATR):

Based on feedback analysis, appropriate modifications and improvements are recommended to the **Board of Studies (BoS)** and relevant academic bodies. The action taken is documented and implemented through:

- Revision of course content and inclusion of emerging topics.
- Introduction of new certificate programs and skill-based add-ons.
- Enhancing practical exposure through industry collaborations and internships.
- Faculty development programs (FDPs) for better curriculum delivery.

3. Collaborative quality initiatives with other institutions

The institution actively collaborates with national institutions, industries, and research organizations through MoUs and faculty exchange programs to enhance academic quality and research. These collaborations include student internships, industry training, and knowledge-sharing initiatives. IQAC ensures regular monitoring, feedback analysis, and action plans to improve teaching-learning and employability. These partnerships have resulted in enhanced research output, industry-relevant skill development, and global academic exposure. The institution remains committed to continuous quality improvement through meaningful collaborations and strategic partnerships.
