AVANTHI EDUCATIONAL SOCIETY

Avanthi Educational Society under the Leadership of Sri M. Srinivasa Rao garu as chairman was started in the Year 1991. Within a short span of its establishment, the group has made a remarkable stride in the field of education offering various courses at Under Graduate, Post Graduate, Pharmacy & Engineering levels. This milestone is achieved as the institution carved itself to impart quality and career-oriented education, countering the challenges of the modern world through planning, dedication, determination, prompt execution and with the innovative ideas of our advisory board.

Today, Avanthi Educational Society is proud to have a strength of over 16000 students with 15 institutions under its ambit. It is the path of glory towards the success during the last 19 years. The institution has been adjudged many times as the second-best educational institutions in the twin cities and 16th best in all over India through the impartial survey made by the renowned magazine "India Today".

AVANTHI INSTITUTE OF ENGINEERING & TECHNOLOGY

AIET started in the year 1999 and offers various courses at Engineering and PG level. The college is providing with rooms, computer centre, laboratories and seminar hall with audio-visual equipment. Industry Institute interaction is conducted regularly to emphasize on the latest trends in the present market.

ABOUT WORKSHOP

we are making an MOU with Novel Patent services, Visakhapatnam to provide the adequate support like training, conducting workshops, preparing technical patent land scapes, providing patentability opinions to the ideas streaming in the IPR Cell on a regular need basis to our faculty and staff.

It is a known fact that, now a day's patents are gaining lot of importance. A patent gives its owner the only authority to stop anyone from using their original concept or the goodwill they have built-up for their goods and services by using, importing or offering for sale the patented innovation.

Being faculty members of an Engineering college, it is must for all of us to know about patents, patent filing, registration and granting. This helps to file patents for the works we carry out and also helps to guide the students to carryout such works.
