A Technical Seminar on Industrial Management – Supply Chain Management

AIET conduct a technical seminar on Industrial Management-Supply chain management on 15-2-2020 for which around 164 number of IVth year B. Tech Mechanical students are participated. Dr. SADANANDA SAHU, Professor, Department of mechanical engineering, Indian Institute of Technology, Bhuvaneshwar, Orissa, was invited as the Resource Person for the seminar. In this seminar He explained what industrial engineering and supply chain management are, list the differences between them and offer tips you can use to decide which career is right for you and also explained Effectively managing your company's supply chain operations can help you improve the quality of your products and services, eliminate waste in your processes and design successful strategies aimed at improving your production methods. Both industrial engineers and supply chain managers can offer valuable services to companies trying to streamline their operations and improve their production flow.
